NO SHOW POLICY CONSENT

Appointments represent a block of time that our office has set aside for a patient to be seen by Dr. Jeppson. As such, only one patient can be seen in any given time block.

THEREFORE,

Our office reserves the right to charge patients for a "NO SHOW" for an appointment. A "NO SHOW" is defined as a patient with a scheduled appointment to see the physician who do not give 24 hours notice that they will not be able to keep that appointment.

We understand that sometimes, due to forces beyond anyone's control, an appointment may need to be rescheduled within 24 hours. Emergencies will be taken into consideration.

New patients will be charged \$ 72.00 for failure to notify this office that they will not be able to keep their scheduled appointment.

Established patients will be charged \$ 50.00 for failure to notify this office that they will not be able to keep their scheduled appointment.

I have read the above policy and acknowledge that I am willing to abide by the aforementioned policy. I further acknowledge and give my consent that my insurance company will not billed for a NO SHOW charge and that I will be fully responsible to pay this cost out of my own pocket.
